

Luca Domeneghetti

Date of birth: 14/01/2002 | **Place of birth:** Ferrara, Italy | **Nationality:** Italian | **Gender:** Male | **Phone:** (+39) 3465931909 (Home) | **Email address:** lucadomeneghetti2002@gmail.com | **Email address:** luca.domeneghetti@studenti.unipd.it

• WORK EXPERIENCE

01/04/2024 - 01/08/2024 - FERRARA, ITALY

INTERNSHIP ENRICO ARDIZZONI

- **Designed and developed an Intrusion Detection and Prevention System (IDPS)** oriented towards Cyber Threat Intelligence.
- **Deployed and validated** the system infrastructure on **Google Cloud Platform (GCP)**.
- **Implemented performance monitoring** and visualisation dashboards using **Grafana**.
- **Engineered custom auxiliary components** utilising **Python** and **Go**.
- **Conducted experimental analysis** involving Malware Analysis, Reverse Engineering, and Open Source Intelligence (OSINT).

01/09/2025 - CURRENT - PADOVA, ITALY

UNIVERSITY TEACHING ASSISTANT UNIVERSITY OF PADOVA

- **Facilitated instructional labs** on Data Carving, Gait Analysis, and Adversarial ML.
- **Co-administered examinations** and supported the evaluation process.
- **Delivered student support** to facilitate understanding of core course materials.

01/10/2025 - CURRENT - PADOVA, ITALY

FORMULA STUDENT TEAM MEMBER RACEUP

I took part of the Software Department at RaceUp Electric Division for the season 2025/2026, mainly focusing on the development of firmware solutions for the internal boards of the vehicle.

- **Developed low-level CANFD drivers** for **STM32H5** microcontrollers, ensuring reliable communication within the vehicle's embedded ecosystem.
- **Optimised code maintainability** by documenting and refactoring legacy software to meet project standards.
- **Assisted in the design and debugging** of on-board electronic hardware and circuitry.
- **Collaborated within a cross-functional team**, coordinating with mechanical and telemetry departments to ensure system integration.

• EDUCATION & TRAINING

21/09/2016 - 28/06/2021 - FERRARA, ITALY

HIGH SCHOOL DIPLOMA- LICEO SCIENTIFICO "A. ROITI"

Field(s) of study: Applied Sciences | **Final grade:** 100 | **Level in EQF:** 4 | **Website:** <https://www.liceoroi.it/>

01/09/2021 - 20/09/2024 - FERRARA, ITALY

BACHELOR OF ENGINEERING- UNIVERSITY OF FERRARA

- **Programming & IT:** proficient in C, Java, Assembly, and Go.
- **Data Science:** Python, MATLAB.
- **Web Development:** HTML, JavaScript, CSS, Spring Boot.
- **Systems & Networks:** Distributed Systems, Computer Architecture, and Network Architecture.
- **Engineering Foundations:** Analog & Digital Electronics, Signal Processing, and Automation Control.
- **Math & Physics:** solid background in Calculus, Geometry, Algebra, and Physics.
- **Business:** principles of Economics and Business Management.

Field(s) of study: Computer and Electronics Engineering | **Final grade:** 100 Cum Laude | **Level in EQF:** 6 | **Number of credits:** 180 | **Thesis:** Cyber Threat Intelligence strategies to counter cyberattacks: research and implementation of a dedicated software | **Website:** unife.it

01/10/2024 - Current - PADOVA, ITALY

MASTER OF SCIENCE- UNIVERSITY OF PADOVA

- **Advanced Cryptography:** covered both classical protocols and emerging Quantum Computing/Cryptography paradigms.
- **System Hardening:** focused on securing complex environments including IoT, embedded devices, and mobile platforms.
- **Offensive & Defensive Security:** studied Network and Software Security, including analysis of major attack vectors and strategies.
- **AI:** acquired solid foundations in Machine Learning, Deep Learning, and Neural Networks.
- **Investigation & Compliance:** knowledge of Digital Forensics, Biometric systems, and the legal frameworks regarding Privacy and Cyber Law

Field(s) of study: Cybersecurity | **Level in EQF:** 7 | **Website:** unipd.it

PROJECTS

01/12/2024 - CURRENT

Crime Audio Event Classifier Developed a neural network classifier within the **PyTorch** environment aimed at identifying audio events in surveillance contexts. The system utilizes an **LSTM architecture** trained on specific datasets of critical incidents (including shots, screams, and collisions) to automate the recognition of hazardous situations. This project served as the final coursework for the *Digital Forensics and Biometrics* module at the University of Padua.

VOLUNTEERING

01/09/2020 - 01/09/2022 Ferrara

- **Cultural engagement:** collaborated with the "IlTurco" association during the 2020 and 2022 editions of the festival.
- **Visitor relations:** provided hospitality, information, and orientation services to a high volume of tourists.
- **Crowd management:** Monitored venue capacity and access control to ensure safety and flow efficiency.
- **Event logistics:** Supported on-site operational logistics and site management.

09/09/2025 - 11/2025 Padova

- **Public engagement:** collaborated in the 2025 edition of the University of Padova's science festival.
- **Event logistics:** supported organisational operations, venue setup, and material distribution.
- **Visitor relations:** managed guest reception and provided information to the general public.
- **Digital communication:** assisted with basic social media management and content dissemination.
- **Newsletter:** assisted with the evaluation of newsletter target efficiency

LANGUAGE SKILLS

Mother tongue(s): **ITALIAN**

UNDERSTANDING

SPEAKING

WRITING

	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C1	B2	B2	B2
FRENCH	A2	A2	A1	A1	A1

● SKILLS

give constructive feedback | assess students | provide lesson materials | provide assistance to lecturer | work with virtual learning environments | university procedures | organise cultural events | newsletter analysis | prepare lesson content | supervise practical courses | assist in the organisation of school events | assist students in their learning | write work-related reports

● DIGITAL SKILLS TEST RESULTS

	Information and data literacy	ADVANCED	Level 6/6
	Communication and collaboration	ADVANCED	Level 6/6
	Digital content creation	ADVANCED	Level 5/6
	Safety	ADVANCED	Level 6/6
	Problem solving	ADVANCED	Level 6/6
